## REPORT OF BOARD OF HEALTH.

During the past year there have been several cases of contagious diseases in town, but these cases were all confined to the houses where they first broke out.

In May there were two cases of small pox in one family. In June, two cases of diphtheria, one fatal; and one case of typhoid fever. In September, one case of measles. Just after we closed our accounts for the year, two more cases of diphtheria, both of a light form and in different parts of the town.

Dr. Joyce has been very helpful in assisting the Board of Health, by advice and fumigating.

Dr. Mitchell fumigated his own cases of contagious diseases, at the request of the Board of Health.

## In Memoriam

---

On March 11, 1921, the town was saddened by the death of Dr. Henry Lee Sweeny, from heart failure resulting from pneumonia.

He had practised medicine in town, continuously, since 1890.

He was always interested in the politics of his town and did what he could to have clean government.

He had served as a member of the School Board of Kingston three years, also as Town Clerk for three years, and had been a Trustee of Nichols Memorial Library for eighteen years and a member of the Board of Health for many years.

He was a member of the New Hampshire Medical Society, of the New Hampshire Associated Boards of Health, and of the American Medical Association.

In his death the town lost a worthy citizen and the community a beloved physician and friend.

## REPORT OF THE TRUSTEES OF NICHOLS MEMORIAL LIBRARY.

As the years go by the Library is more and more used by the citizens of the town. More and more they appreciate having a place where they can go and look up any topic

which they wish and also having a good supply of the latest books to read. The use of the library has been considerably extended this year by having a branch library at South Kingston under the care of Mrs. John K. Barrett. A large box of books is taken to her home and when they are fairly well read they are returned and a fresh lot taken. Mrs. Barrett cares for them without any pay except the knowledge that she is helping the community.

During the year the trustees have fitted up one of the rooms in the basement of the Library building to receive a large number of the books not much used and thus free the shelves for the new books that are being added to the collection each year.

In the death of Dr. Henry L. Sweeny, for many years one of the Trustees of Nichols Memorial Library, the town suffered a great loss. He had a fine literary taste, was well acquainted with books and he took a great interest in having the Library develop along right lines. To fill the vacancy caused by his death the other trustees appointed Dean Theodore J. Bradley, of the Massachusetts College of Pharmacy, as Mr. Bradley has purchased a home here and become a citizen of the town.

We recommend the usual appropriation of \$100 for the coming year.     •

# Report of the Superintendent of Schools

## 1920-1921.

---

*To the School Board and Citizens of Kingston:*

I give herewith my annual report for the year beginning Sept. 1, 1920, and ending June 30, 1921.

### *Features Emphasized During the Year.*

The following features were given particular attention during the year with the results indicated:

1—Silent reading in grades 4 to 8: A marvelous improvement was obtained in this kind of reading which forms the basis of most study and of the reading of books, magazines and newspapers after completing school. See the table on next page showing the results as indicated by standard tests in silent reading.

2—Fundamental processes of arithmetic: A great increase has been made in quickness and accuracy when using the four fundamental processes; there is a general weakness yet, however, in fractions, decimals, percentage and arithmetic reasoning.

3—Health work and supervision of play: Daily health drills with windows open have been given in each school to stimulate deep breathing, correct posture, etc., and as relaxation. Though round shoulders have not been entirely done away with, they have been decreased. Nearly all pupils were enrolled in the Modern Health Crusade with varying degrees of success. The supervision of play was most faithfully done in South Kingston and with the greatest results in the way of abolishing swearing, cheating, bullying and loafing and promoting a liking for active outdoor play on the part of the girls, a spirit of harmony, and the knowledge

of a greater variety of group games and forms of play. The least was accomplished in this work at the Plains Primary School.

Each teacher is provided with two or three good books on plays, games and folk dancing to assist them in this work.

#### ORAL READING TO BE EMPHASIZED.

The feature chosen for emphasis in 1921-22 is oral reading in the upper grades. An attempt will be made to develop the following points:

- 1—Correct position of body and book and an easy manner.
- 2—Voice sufficiently loud, clear and well pitched.
- 3—Clean-cut and correct pronunciation.
- 4—Good expression.
- 5—An appreciation of the spirit and worth of the better selections.

#### THE FOLLOWING STATISTICS WILL BE FOUND BELOW :

- 1—Results of Standard Tests Given by Superintendent (*important*).
- 2—Attendance Statistics.
- 3—Teachers for 1920-21.
- 4—Medical Inspection Report.
- 5—List of Kingston pupils in Sanborn Seminary.

Respectfully submitted,

F. E. PITKIN,  
*Supt. of Schools.*

There was less tardiness in the Patten and South Kingston schools, some more in the Plains Primary and West Grammar, and an excessive amount in the West Primary. Greater interest by the citizens is indicated by the increase in their visits from 171 to 374. State Attendance Officer, Robert Mitchell, investigated the truancy in three families.
